## Be Prepared in 2020

*learn and share...*

Does spring undoubtedly bring wildlife situations that have you wondering about the appropriate ways to handle them? These may involve threatened or endangered species, wildlife diseases, regulations, state or federal law, medical emergencies, unexpected dropoffs, orphaned infants, or other unexpected wildlife encounters.

This workshop provides important species information, handling techniques, public education tips, common and uncommon scenarios, and answers frequently asked questions and offers helpful resources.

The topics presented will provide valuable information that will stimulate conversation and questions for the panel discussion.

Attendees will have the opportunity to learn and share new techniques, network and problem solve.

Do you have a specific question or problem you would like addressed? Please email [wildlife\\_rehab@yahoo.com](mailto:wildlife_rehab@yahoo.com) or include on back panel.

**Space is limited.**

**Register early using this form or online at [woodlandswildlife.org/wrw.htm](http://woodlandswildlife.org/wrw.htm)**
